

Hog Feeders Hear Interesting Addresses

Field Day at Experimental Farm Provides Fund Of Valuable Information on Care of Hogs

Due to the abnormal losses of young pigs among hog raisers in this district during the last year, a meeting was held some time ago and an arrangement made to hold a Hog Feeders' Field Day at the Lacombe Experimental Station on Saturday, Oct. 17th, at which consistent speakers would deal with the feeding and care of breeding stock during the Fall and Winter and the farrowed litters from birth to time of marketing.

Over 400 people were present, many of whom visited the piggery at the Experimental Station, which has been doubled in size during the last year, one side showing the Danish type pens, with alleyway at the back, and the other with ordinary pens.

H. E. Wilson, Livestock Superintendent, took charge of the visitors and described the work being carried on in feeding experiments and crossing the two breeds of swine—Yorkshire and the Danish called Landrace—to see if a feeding hog could be developed with better fleshed hams and heavier fleshing on the legs above the hocks. Splendid individuals of both breeds were shown and the good and bad points of both breeds pointed out.

Address by Mr. Wilson
George DeLong, pinch-hitting for Superintendent F. H. Reed, who is away on his holidays, called the meeting to order in the auditorium of the Central Alberta Pavilion and introduced the first speaker, Mr. Wilson, who, he said, was one of the best informed hog men in Western Canada.

Mr. Wilson spoke on hog raising and said that losses in suckling pigs had become quite a serious problem. They had been quite successful during the last year at the farm, where the average size of the weaned litter was eight. He said that the bacon hog situation was very important, now being the second largest export trade of the Dominion.

The percentage of select (18 per cent) and Bacon Grade (39 per cent) accounted for over half of the total number of hogs marketed during the past year, and Alberta was second only to Ontario, of all the provinces, in number of hogs raised.

Mr. Wilson explained that the reason for the loss of young pigs was due to lack of proper care of the sow and her litter. He explained the main points of a good feeding system, the importance of proper care of the sow and her litter, and the importance of proper care of the sow and her litter.

In order to prevent hairless pigs, which are caused by a disease called iodine in water in definite quantities and supplied from November until Spring farrowing.

Before plucking the sows in the piggery for farrowing, the piggery (Continued On Back Page)

Federal Electoral Districts Show Population Increase

According to figures just released by the Dominion Bureau of Statistics the population of the Federal Electoral District of Wetaskiwin, of which Lacombe forms a part, increased 6819 during the period from 1931 to 1936.

Records show that the population was 45,330 in 1931 and the census taken in 1936 showed an increase of 5770.

These figures were shown by a preliminary count in the quinquennial census taken of the provinces of Manitoba, Saskatchewan and Alberta, as of June 1, 1936.

Aeroplane Crashes Near Wetaskiwin

WETASKIWIN—Pilot Bert Wallis and his passenger, Dick Woods, were recovering here Monday from minor injuries received when their two-seater biplane crashed in the West Rose area, near Wetaskiwin, Saturday, after the motor was reported to have stalled while the plane was in flight.

The privately-owned aeroplane was demolished, but Wallis, who was piloting the craft, escaped with a severe forehead cut and Woods with a nose fracture.

Howard C. Ingram, Edmonton, inspector of civil aviation for Western Canada, is investigating the accident.

This Week's Thought

When you are alone, consider your faults; when you are in society, forget those of others.

Olympic Games Topic At Men's Club

W. J. McLean Describes His Visit To Famous Event; New Officers Are Elected

Giving a descriptive account of his experiences while attending the Olympic Games, held at the Olympic Village, just outside the city of Berlin, Germany, W. J. McLean of Red Deer was the guest speaker at the opening meeting of the season of the Men's Club, held in the Church Hall on Tuesday night.

In the course of his talk Mr. McLean stated he made it a point to meet personally all the outstanding athletes of the world, whom he found were typical of brilliant manhood.

He paid great tribute to the way the big event was handled and organized and the buildings erected to house the many contestants, which were specially built for the games. These buildings are now used as officers' training quarters for the German army. A hut used by the great Jesse Owens in the U.S.A. relay race was given him as a memento, which was shown the gathering.

As well as many pictures of the big event together with a coat of arms of vivid red material worn by him; and a badge and emblem bearing the word "Fichtel", which is "Judge" in English. This badge, he said, took him practically everywhere without questioning, including street car and railway rides.

Athletes Sent Back
"Two or three athletes were sent back to their respective countries without competing, on account of misbehaviour, and one of this nature could do more harm than fifty do good to the reputation of a country," said Mr. McLean.

Prior to Mr. McLean's talk, President J. S. McCormick called for the election of new officers for the ensuing term, which resulted as follows:
Honorary president, Dr. E. M. Sharpe, re-elected; president, Harry J. Ford, re-elected; S. Halton; secretary-treasurer, Jack Cron. The following chairman of respective committees were also elected:

Program, Bob Blundell; entertainment, Gordon Sweet; refreshments, Ray Saunders; attendance, Bert Smith. Each committee chairman will select his own committee. It was unanimously decided to change the meeting night of the club to the second and fourth Tuesdays of each month instead of the first and third as heretofore.

C. E. Todd brought up the question of membership fees, which he stated would help augment the finances of the club. It was decided to leave this matter over until next meeting for fuller discussion.

On vacating the chair, J. S. McCormick thanked the executive and membership for the loyal support given him during the term of office. President H. J. Ford thanked the members for the honor accorded him and asked for the same co-operation and support given the outgoing president.

(The first steam vessel built by the United States was the Demolog, launched in 1815.

Around the Town

Mr. and Mrs. Roy Flegel motored to Calgary last week-end to visit Mr. Flegel's brother, Otto Flegel, who resides there.

Two showers were given last week, one by Miss Betty Pringle, in honor of Miss K. Ross, who was married to the Rev. J. H. Ross, of the University Hospital staff were week-end guests of Mr. and Mrs. Hugh Reed.

Miss Jessie Craig of Ponoka spent the week-end with Mr. and Mrs. A. Cottrell.

The Y.W.A. of St. Andrew's Church is holding its annual Bazaar and Tea Friday, Dec. 4th, at the United Church Hall.

Miss Jacoba Landsorp, exchange nurse from Port Elizabeth, South Africa, and Miss Thomson of the University Hospital staff were week-end guests of Mr. and Mrs. Hugh Reed.

Mrs. T. H. Wilkinson was the guest of her mother, Mrs. N. Hockley, over the week-end.

Mrs. O. J. Simons of Thorby is the guest of her parents, Mr. and Mrs. Duncan Cameron. Many informal affairs are being arranged for Mrs. Simons' pleasure during her stay in Lacombe.

Lieutenant-Governor

Local Athletes 3rd At Wetaskiwin Meet

By JACK MCGAUGHERTY
Obedience to Lacombe School!

The local athletes at the school track meet at Wetaskiwin last Friday made a fine showing. Yes, air—even though they didn't come in the very top slot, they did their share of winning.

On the whole, the meet was a grand success, entrants from Leduc, Camrose, Ponoka and Wetaskiwin, as well as from Lacombe, took part, and some of the marks set were very near provincial records. The track was in perfect condition, as the meet was blessed with the finest of weather.

Here is a list of places captured by each town:
Lacombe—Eleven firsts, six seconds and six thirds.

Leduc—Six firsts, six seconds and eight thirds.

Camrose—Ten firsts, 14 seconds and 14 thirds.

Ponoka—Nine firsts, seven seconds and six thirds.

Wetaskiwin—Ten firsts, 13 seconds and 12 thirds.

Figuring points on a 3-2-1 basis, this gives Camrose 72, Wetaskiwin 68, Leduc 51, Ponoka 47, Leduc 45, three points for a first, two for a second and one for a third.

The following is a list of Lacombe's winners in their events:
Girls, 15 and Under
Betty DeLong, third in 60-yard dash.

Girls, 15 and Under
Betty DeLong, first in 75-yard dash and running broad jump.

Colleen Jamieson, second in running broad jump.

New Credit House Act Proclaimed By Cabinet

Shake-Up Is Expected In Government Labor Branch; Other News From the Capital

By T. E. WINDROSS
EDMONTON.—The past week has been a busy one in the absence of Premier Abernethy from the capital and some important things have happened.

Tuesday, Nov. 10, Fallow, Minister of Public Works, announced that the mechanical branch of his department is to be reorganized immediately. He said orders had been issued through H. P. Keith, deputy minister, for this reorganization, so that changes may become effective by Nov. 1st.

Mr. Fallow said investigation had shown that there was inefficiency both in the mechanical branch and the inspection division of the labor branch. The full scope of the reorganization to be made is not yet apparent, but among them resignation of Chief Engineer W. Little has been received, the minister stated.

Social Credit circles were disturbed Wednesday by reports from the south of the province that J. Hansen, M.L.A. for Taber, had been repudiated by the group in that constituency. It was said Mr. Hansen had announced he could no longer stand by the platform on which he had been elected and the action of the group executive had followed.

Premier Abernethy, while he was south, spoke at Taber and later attended a meeting of the executive to discuss the matter. The Premier later refused to make any statement until he had time to go over all the correspondence in connection with it. This will mean the second meeting of the party to leave, S. A. G. Borden, M.L.A. of Edmonton, being the first.

The price of milk to Edmonton consumers was advanced one cent this week, and the price of cream was advanced slightly more.

Preparations for the civic elections in the capital are well under way and candidates are being selected by various groups. A full slate has been selected by the Citizens' League and at least one independent entry is in sight. The League later organized five aldermanic candidates headed by ex-Mayor J. M. Douglas as candidates for mayor. Other parties are choosing their slates.

It was announced by Lucien Maynard, minister in charge of the (Continued On Back Page)

Another old-timer in the district, Lars Kilde, passed away at Lincoln on Oct. 19th. Mr. Kilde was born near Oslo, Norway, on Oct. 27th, 1851. He should have been 85 years old in another two weeks.

He left his native land in 1882 and settled near Fargo, North Dakota. In 1892 he came to Lincoln, being one of the first settlers. His wife predeceased him in 1930. He leaves a family of six, three boys and three girls, all grown up, to mourn his loss.

Although of a retiring disposition, "Lars," as he was familiarly known among his associates, took a keen interest in public affairs and was one of the most active in the organization of the school district which he represented as trustee and chairman of the board for a number of years.

As donor of the school grounds and latterly of the Lincoln Community Hall grounds, residents of Lincoln will long remember "Lars."

Rev. R. B. Layton officiated at the funeral services in Lincoln Hall and after at Lacombe cemetery. Six old-time friends from Lincoln and surrounding district were pallbearers. A large number of wreaths and sprays from relations, friends and local organizations testified to the high esteem in which the deceased was held.

Last call for the chicken supper at Fairview Church this coming Friday night, Oct. 23rd. The ladies of the church recently met in solemn convocation and registered a vow that there would be enough chicken for everybody, even if the crowd should be made up entirely of preachers.

No. 2 here will be tables enough so that no one should have to wait, so why not be there?

Your young people are going to Ponoka shortly to attend the first of a series of meetings which have been arranged to run throughout the Fall and Winter.

Snow Falls Monday
We had a light fall of snow on Monday morning. Let us hope the weather man forgets to repeat it for a long time—it will sure help the feed situation.

On account of the open weather quite a bit of fall plowing has been done this year.

When he pleaded guilty before Magistrate E. H. Jones Saturday last, Richard Ball, charged with vagrancy, was sentenced to 30 days' imprisonment in Fort Saskatchewan Jail. He was apprehended in the C.P.R. depot Friday night by local police.

Weddings

A gallily decorated car stopped at Lacombe on Tuesday afternoon, with a large party on the back, "Just Married," and the Globe reporter was right on the spot, to learn that the contracting parties were a young couple, Sylvia Lake and Dan Wakel of Leduc, who were married at the Anglican Church, Red Deer, on Tuesday morning by the Rev. Mr. Cripps.

Do You Remember--

'Way Back When?

(From the Minutes of the Town Council)

30 YEARS AGO—OCTOBER, 1906
A resolution was passed at the Town Council meeting to have the Fire, Water and Light Committee meet representatives of the Blindman Electric Power Co. with regard to the electric wiring in the town, to make necessary arrangements to have it improved and to see that such work should be properly done. Mr. Murphy of Murphy's Livery Stable on Glass Street asked permission of the Council to build a shed behind his place of business.

35 YEARS AGO—OCTOBER, 1911
The Secretary-Treasurer was instructed to renew the bank note with the Union Bank of Canada in the sum of \$1005.50. Applications for positions of night watchmen were ordered called for by the council, and a motion that the power of engagement of same be left with the Police Committee carried.

TRANSPORT MINISTER SURVEYS U.S.

Mr. C. D. Howe, Canadian minister of transport, is pictured as he arrived in Los Angeles from the east. He is making an aerial tour of the United States seeking data to be used in connection with the opening of the new trans-Canada airways early next year.

Blackfalds

BLACKFALDS.—At a well attended meeting of the Ladies' Club, held at the home of Mrs. McLennan on Friday, Oct. 9th, it was decided to purchase the Community Hall, and celebrated the purchase by putting on a chicken supper on Thanksgiving day. The supper surpassed expectations and it is estimated that well over 200 people attended the meal. Some of the late comers had to be content with a sparing supply of chicken. A dance followed the dinner.

The Ladies' Club also held a "whist" drive at the home of Mrs. C. Blackmore on Friday last, to collect funds to pay off the hall, and despite counter-attractions, it was well attended, some nine tables being occupied. The prize winners were Miss Arrowsmith and Mr. O. Smellie, while consolation prizes went to Mr. Fred Miller and Mrs. M. Miller.

Brand New Citizen

Mr. and Mrs. Carbury (nee May Bennett) are receiving congratulations on the birth of a daughter.

E. Olive was a recent visitor to Calgary.

Miss Alice Thornton and Miss Annie Miller were visitors from Calgary over Thanksgiving, while Miss Smith visited Edmonton during the same period.

The teachers of Blackfalds and district took in the Teachers' Convention at Lacombe on Oct. 8 and 9.

Miss Martha Riis is temporarily employed at the Hudson's Bay Co. store, Edmonton, in the credit department.

Ralph Smith and Miss Broderick were married in Red Deer last Wednesday.

J. A. Martin visited Innisfail on business this week.

Mrs. Smelter's auction sale was well attended and good prices were realized.

Lakeside

LAKESIDE.—Mrs. Brashear of Salem, Oregon, was a week-end visitor at the home of Mr. and Mrs. Walter Pratt.

Mrs. J. McCray of Edmonton and Mrs. E. Archonbeau of Ensign have been visiting at the home of their parents, Mr. and Mrs. Galloway.

Do not forget the big Halloween dance in Lakeside Schoolhouse on Oct. 30th. Come and have a barrel of fun. Everyone welcome. Ladies, please bring cakes.

Mr. Cole of Maple Creek, Sask., is visiting at the home of his niece, Mrs. Clarence Bauer.

J. H. Hummel's sale was largely attended, despite wintry weather.

Mr. Eyre and Mr. McElroy spent the week-end in Edmonton.

It will soon be time to go fishing. Where? At Lakeside on Oct. 30th. The Ladies' Social Workers' Club will have a fish pond at the Halloween dance. Come and try your luck.

Watch for Clarence Bauer's coming auction sale.

SENTIMENTAL ARITHMETIC

"Let me see," said the young man thoughtfully. "I've got to buy some flowers and some chocolates and theatre tickets and—"

"Doing mental arithmetic?" asked his friend.

"Sentimental arithmetic," sighed the young man.

VERSATILE STUFF

Customer: "Have you any good pork?"

Butcher: "Good pork? I've got some pork that will make better chicken salad than any veal you can buy."

Riches in Alberta's Bituminous Sands

VANCOUVER, B.C.—"Fort McMurray, in the centre of a vast bituminous sand area in Northern Alberta, is destined to become one of the important points in the British Empire," said S. C. Ellis, of the Dominion Department of Mines, in an address recently to the B.C. Mining Convention.

"Petroleum generally is more precious than gold," he said, "and it is only a question of time until these sands, rich in gasoline and other petroleum products, will be developed commercially."

Dr. Fred Joffe, also of the Mines Department, substantiated Mr. Ellis' prediction and reported that the area contained millions of tons of bituminous sands already revealed by nature.

Rimbeey

RIMBEY.—Harold Rathwell, eight, son of Mr. and Mrs. Clifford Rathwell, suffered a broken arm when he fell at play.

Monte Vista rural high school, five miles north of Rimbeey, has started erection of a new school building.

Mrs. Clyde Miesner died suddenly at her home west of Rimbeey. She is survived by her husband, one daughter and five sons.

Samuel Rimbeey, for whom this town was named, recently became a great-grandfather when a daughter was born to his granddaughter, Mrs. Vernon Lane.

Two hundred and twenty-five guests enjoyed the hospitality of two recently newly-wedded couples here when Mr. and Mrs. C. E. Saunders and Mr. and Mrs. Earl G. Platt entertained at a wedding dance in the Rimbeey hall.

Wedding

Charles Cooke of Rimbeey and Miss Ella Ardell of Rocky Mountain House were married on Saturday, Oct. 10th, at Lacombe. The Rev. W. E. Herbert, pastor of St. Cyril's church there, was the officiating clergyman, and Mrs. Herbert and Mrs. Frank Bonnelly of Rimbeey were witnesses. Both Mr. and Mrs. Cooke are popular in social circles here. Mr. Cooke farmed for several years in the Blindman district, west of town, before taking up residence in Rimbeey.

We are showing Smokers, End Tables, Sewing Cabinets, all in walnut, at Very Special Prices at Lacombe Furniture Store—Adv.

Household Hints

By MRS. MARY MORTON

Mops Hint

Baked Ham Slice

Scalloped Potatoes

Sautéed Salad

Corn with Green Pepper

Caramel Cream Pudding or

Tea or Coffee

Generous of me to suggest two

desserts, isn't it, and give you the

recipe? Some like pie—most men

and some don't, so I'm giving you

both pie and pudding to take your

choice.

To-day's Recipes

BAKED HAM SLICE.—One and one-half

pound slice ham, one table-

spoon whole cloves, one-half

cup peanut butter, one cup milk.

Put the ham in the fat around the

edges of the ham. Smooth the

peanut butter with the milk to a

paste, and pour over. Bake in a

covered dish at 250 degrees for

one and one-half to two hours, de-

pending on the thickness of the

slice. Inoculate during the last 20

minutes. Serve with baked sweet

potatoes and cornbread.

CABARET, CREAM PUDDING.—

One cup dark brown sugar, one

third cup flour, two egg yolks, one

teaspoon vanilla, two egg whites,

beaten; two tablespoons butter,

melted. Blend sugar and flour. Add

egg yolks, salt and milk. Cook slowly,

stirring constantly, until mixture

thickens. Cool a little and then

add remaining ingredients. Cool and

chill. Serve plain or with cream.

LEMON PIE.—Mix together one

cup sugar, six tablespoons flour,

half a pint cream, one-half cup

boiling water, stirring well; cook

in top of double boiler until thick-

ened; add one tablespoon butter,

two egg yolks, grated rind of one

lemon, one-fourth cup lemon juice.

Cook two minutes only, for if it's

cooked too long it will get thin.

When cold, put in gold baked shell.

Top with meringue made from the

egg whites, and a rounded table-

spoon of sugar to each white. Bake

at 300 degrees for 20 minutes.

Streamlined Refrigerators

Refrigerators are streamlined

whether they are ice models or

electric. Special food preservative

features are claimed for all. Silence

and economy of operation are sal-

ient features of the new electric

models. White, with black trim-

ming, seems to be the most popular

decorative scheme, although there

is a wide variety of finishes from

which the housewife may choose to

suit her kitchen color scheme.

WEEKLY EDITORS
IN CONVENTION

Diagnose Problems and Forward Resolutions to Government Promoting Proposed Licensing of Press

What was considered one of the finest conventions yet held took place at the Palliser Hotel, Calgary, recently, when about 60 Alberta weekly newspaper publishers attended the annual convention of the Alberta Division, Canadian Weekly Newspaper Association.

While open discussion of current problems was carried on, a feeling of deep regret was sensed in the absence of the special secretary of the association, H. G. McCrea of the Hanna Herald, who on account of prolonged illness was unable to attend. It was freely recognized he has done more to maintain the standard of weekly newspapers in the province than any other man and his presence was greatly missed.

Immediately the convention opened a resolution was passed that wire be sent him expressing the wish for his early recovery, which was accompanied by a bouquet of flowers.

Asked to Carry On

A letter was read from Mr. McCrea regretting his inability to attend, and asking the association to elect someone else to fill the post he has occupied for so many years. It was the unanimous wish of the convention to urge Mr. McCrea to reconsider his decision and suggested that with the able help of his daughter, Miss Hazel McCrea, who was warmly commended by the convention for her efficient services, he would be able to carry on.

An invitation had been extended to Premier Abernethy a month prior to the convention to address the gathering, and regrets were expressed.

pressed when word from the Premier had been received, telling of his inability to accept the invitation. During the meeting one speaker remarked that he considered it unfortunate that the Premier could not see his way clear to meet the publishers, if only for half an hour, to discuss in a friendly way matters of vital importance to weekly newspaper publishers, or be represented by some other government official.

Friday's program opened with registration, followed by president and secretary's reports and the appointment of committees.

Guests at Luncheon.

The Grants and Milling Advertising Service were the luncheon hosts to members attending the convention, at which Mayor H. G. L. Strang was the guest speaker. On behalf of the City of Calgary City Commissioner T. B. Riley gave an address of welcome to the visitors.

An open forum was held during the afternoon, which was most interesting and informative. A banquet in the evening was tendered the gathering by the wholesale paper houses Father-Elliott Ltd. and Mid-West Paper Sales Ltd., at which the guest speaker was Paul Reading, executive editor of the Calgary Herald.

Reviews Press Problems.

The highlight of the Saturday session was an address by Ben Creak, foreman of the press room of the Alberta Job Press Ltd., which directly to clarify many press room problems, encountered by weekly newspapermen, and contained valuable information on the operation of presses.

A complimentary luncheon was sponsored by the Calgary Herald the guest speaker being E. L. Gray, manager, Eastern Irrigation District, Brooks.

The ladies were entertained at tea by the Calgary Women's Press Club. The convention went on record as being unalterably opposed to licensing the press or infringing on its freedom and a resolution was drafted and forwarded to the Alberta government to that effect, and it was the feeling of the convention that criticism directed against the newspapers by government officials was not warranted.

New Officers

The new officers elected were: President, H. T. Halliwell, Coleman Journal, who succeeds G. C. Dubeau of the Drumheller Mail; first vice-president, F. P. Garbraith, Red Deer Advocate; second vice-president, R. C. Jessup, Macleod Gazette; executive, A. H. Ennis, Leduc Representative; R. L. King, Claresholm Press, and H. J. Ford, Lacombe Globe.

Rare Oyster-Eating
Fish Is Caught
Near Queensland

BRISBANE, Queensland.—On the inner shores of Moreton Island, on the Queensland coast near Brisbane, a fisherman netted 38 fish of a species believed to be previously unknown.

The ichthyologist of the Queensland Museum described the fish as of the oyster-eater family, and shared with that species the habit of eating on its head, its tail pointing upward and clear of the water. The fish ranges from 16 to 36 centimeters and raids oyster beds at mid-tide, wrenching the oysters from rocks. The oysters are taken whole, the crushed shell ejected and the oyster swallowed. The upper body of the fish is of a metallic green-blue and the lower silver. The tail is a brilliant yellow.

NEW PRINCIPAL OF QUEENS INSTALLED

Dr. Robert Charles Wallace, formerly president of the University of Alberta, was installed as Principal of Queen's University at Kingston by Chancellor James Richardson of Winnipeg, on Friday, Oct. 9. Principal Wallace is shown ABOVE in his robes as principal and vice-chancellor of the famous Presbyterian University.

Rev. R. B. Layton, B.D., Minister

Services at 11:00 a.m. and 7:30 p.m.

Sunday School at 11:00 a.m.

Morning Subject—"How One Can Get a Pure Heart"

Evening Subject—"New Epistles of Christ. Shall We Accept Them As Authentic?"

An illustrated Lecture is to be given on Wednesday night, Oct. 28th, by Rev. H. N. Konkle, Toronto, on "The Mission to Lepers." The place of meeting will be announced in the minutes of the churches on Sunday.

Save Wednesday, and enjoy an interesting evening.

Miss Isabel Griffith of Toronto, the Young Poughkeepsie Secretary for Canada, will be in Lacombe in the evening of Nov. 13th. She will be in Fairview Church on Nov. 11th and in Ponoka Nov. 12th.

Blackfalds—There will be a regular service in the United Church at Blackfalds every Sunday at 3 o'clock.

CHRISTIAN SCIENCE

At all Christian Science churches

next Sunday, the subject of the Lesson-Sermon will be "Probation After Death." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "For this corruptible must put on incorruption, and this mortal must put on immortality. So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written: Death is swallowed up in victory" (I Cor. 15:53-54). One of the correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is as follows (page 224): "The way is straight and narrow, which leads to the understanding that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter—certainly before we can reach the goal of Spirit, or life in God."

THE WRONG MAN

A man, travelling at night, asked the porter to put him off at a certain station, whether he was asleep or awake.

On awakening in the morning, he found that the train had long passed his station. He went for the porter and gave him what might be described as "the works."

"Go on," said the porter, resignedly. "It's nothing to what the man did that I put out!"

Olympic Champion's
Father Praises Fish

Not More of It, Says Physician-Father of Frank Amyot, Winner of World Canoe Championship

Frank Amyot, world champion canoeist and the only Canadian to win a world title at the 1936 Olympic Games in Berlin, comes from a home where the value of fish foods is recognized.

"Fish is one of our most valuable foods," says a statement by the champion's father, Dr. J. A. Amyot, formerly Deputy Minister of National Health for Canada, "and the consumption of greater quantities than are now in use is advisable."

Frank Amyot won his Olympic honors by leading the field home in the 1000-metre canoe singles. He conquered paddlers from many lands—and if some of them gave him a hard race for a time, he had in reserve the strength and skill and the courage to fight off their challenges. His victory sent the Canadian colors to the top of the Olympic flagpole for the only time during the 1936 Olympics, though other Canadian competitors in different events made a showing of which they and their country had no cause to be ashamed.

Finds Fish Beneficial

The champion's father has, not only proclaimed Canadian fish to be among the best of foods but out of his long experience as a doctor and a public health administrator he has given reasons why fish is beneficial in the diet. Fish and meal, he pointed out, contain the same nutritive constituents—proteins and fats—and the protein of fish is essentially the same as that of meats. Moreover, fish foods are more easily digested than meats since their muscle fibres are shorter and more readily masticated.

"Fish, in addition," said Dr. Amyot, "contains vitamins and is especially rich in Vitamin D, which is so necessary for the development of bone." The use of Vitamin D prevents rickets. The existence of Vitamin D in fish oils suggests the importance of fish as a diet for the young. Sea foods are of special significance in that their iodine content is higher than that of plants or the flesh of animals.

Canadian fish and shellfish, by the way, are available all the year 'round in various market forms—fresh, frozen, canned, smoked, dried and pickled. More than 60 different kinds of food fish and shellfish are taken by the Dominion's fishing industry.

Frederick the Great, King of Prussia, was born in 1712.

● Vary your diet with the healthful, appetizing goodness of Canadian Fish and Shellfish. Serve Fish Foods more often during the week. Whatever form is most available to you... fresh, frozen, canned, smoked, pickled or dried... you will find it an easily digested food... rich in protein, vitamins, minerals, iodine and other health-giving elements. You'll find its variety of flavour adaptable to countless simple and delicious recipes. And you'll find that Canadian Fish and Shellfish give you full value in sound nourishment for every cent spent.

Trees Available For Farmers

With reference to the all-important function of tree planting in Alberta, it was learned in an interview given recently by the Hon. C. C. Ross, Minister of Lands and Mines, that certain types of trees were available to farmers for transplanting and could be secured for this purpose on application to the Forestry Division of the Department.

The principal object in view, Mr. Ross stated, was to provide transplants for replacement of lost valuable species in shelter-belts and windbreaks, to introduce a more desirable product than the native variety found in the bluffs now in existence, and to give protection to such products by planting them in stands of trees already established so as to provide necessary shade for the new species to ensure a healthy and permanent growth.

Many Varieties Available

Available for planting in the Spring of 1937, the Minister continued, will be limited quantities of white spruce, jack pine, green ash and elm. There will also be a small number of bur oak and Siberian larch with which the Forestry Division has been experimenting successfully and of which a few may be given out for trial. In addition to these

a large number of lodgepole pine and Scotch pine, trees possessing healthy root systems, are available for distribution. These trees are recommended for planting in this province.

To avoid any possible confusion, application forms should be secured from the Director of Forestry, Department of Lands and Mines, Edmonton, the Minister concluded. Forms, properly filled out as to quantity and species required, should, he added, be sent in to the Department before the end of the present year for trees required for planting next Spring.

Shortage of Workers Absorbs Juveniles

LEEDS, Eng. — Leeds boys and girls are having a difficult time finding jobs when they leave school. In fact, at a meeting of the council of the Leeds Chamber of Commerce recently, it was stated that in the clothing trade, for instance, the demand is greater than the supply.

One big clothing firm, it was pointed out, got advance lists of children who were due to leave school and sent them brochures and literature setting out the advantages of the firm had to offer to young workers in working conditions and welfare and recreation amenities.

Pick Canadian Girls As Stars of To-morrow

Hollywood's photographers should know Hollywood's stars better than anybody and their prognostications should be more accurate than the average. Every year, film's cameramen, who "shoot" the stars from every angle dozens of times a month, pick out stars they believe are headed for the top. This

year two Canadian girls were among the first ten to be so selected. They are Cecilia Parker, 12, a native of Port William, Ontario, and Rosina Lawrence, 14, who, as a girl in Westboro, Ontario, danced to overcome a disability caused by illness in her childhood. Both actresses have been some years in the movie business.

ON PAR WITH OUR STREAM-LINE TRAIN

A few days before the Queen Mary won the Blue Ribbon of the Atlantic, an English train travelled faster than any train, in the ordinary way of business, had ever travelled in any part of Britain before. The London and North Eastern engine, Silver Jubilee, at one point in its run from Newcastle to London, reached a speed of 113 miles an hour. The competition of road transport, especially in a small country like Great Britain, is immense and increasing. Records are not everything. It is said that the Cutty Sark, the most famous windjammer in the world, never won a single one. When the initial excitement is over, for example, comfort probably counts far more with average passengers than do a couple of minutes knocked off a five-hour journey. In this respect (if reports are accurate) the Silver Jubilee may well be proud of herself. At the moment that she was putting up her record, luncheon was being served—and it is reported that none of the passengers noticed that anything unusual was happening.

The Lacombe Furniture Store is uncrating a nice line of Cedar Chests, Chiffoniers and Dressers this week.—Adv.

Bentley

BENTLEY.—Mrs. Mina. Garries and son Charles and granddaughter Muriel motored to McLaughlin and spent the Thanksgiving holiday with Mr. and Mrs. Elton Poling. Mr. Bob Knill has disposed of his pool room and barbering business to Mr. Skinner of Pigeon Lake, who with his family have taken up residence here.

Miss Dorothy Browne of Edmonton was visiting friends here last week. Mrs. Evernden, who has been up from Calgary for the past two weeks, has returned to that place and has taken up residence at 1404 First Street N.W., where she will be at home to her friends.

Building New Sidewalks

Work is progressing on the new sidewalks in the business section of the village. Cement curbs, filled with gravel, will be placed this winter, to be covered with tar sand next spring.

Mr. Elmer Calkins last week had the building which he had erected in Forshee (and which he had operated as a service garage there) moved to Bentley and placed on Vig Street, north of the C. Brown blacksmith shop. When put in shape he will vacate the Blythe building where he is operating the John Deere implement agency.

Brown & Withler are erecting a 20x24 ft. warehouse at the rear of their store. It is to be of stucco with concrete foundation.

Takes New Position

Miss Rosie Gjorfi, who has been a member of the hospital staff for last seven years, has resigned her position and accepted a position as clerk in a general store at Rocky Mountain House. Rosie has been a very capable member of the hospital staff and will be missed. She has the best wishes of her friends in her new position.

Elmer Leiske was up from Calgary and spent Thanksgiving at his home here.

Mrs. (Dr.) Henry was hostess to the Ladies' Hospital Auxiliary on Thursday evening last when good number were present. Considerable sewing was given out and plans made for a whist drive and dance to be held Nov. 15th. Following business, a dainty lunch was served. Births at the hospital recently were: To Mr. and Mrs. G. Haarstad of Stephenson district, on Oct. 15th, a son, to Mr. and Mrs. A. Gilman of Outlet district on Oct. 18th, a daughter.

Dr. Henry was a visitor at Stettler on Thursday of last week. His mother, Mrs. Henry, Sr., returned with him and is a guest at his home.

Miss Evelyn Coult of Eckville has accepted a position with the hospital.

Visitors From Iowa

Mr. and Mrs. John Routledge of Early, Iowa, were visitors with Mr. Routledge's sister, Mrs. Edwin Morsch, and family, last week, and on Thursday last Mrs. Morsch's uncle, Mr. A. B. Routledge of Port Dodge, Iowa, arrived. Both parties motored up.

"King of Burlesque" To Play at Avalon

In the colorful, glittering atmosphere of the burlesque theatre, with its subterfuges, songs, clowns and comics, the action of the new Fox picture, "King of Burlesque," which comes to the Avalon theatre this week, takes place.

Warner Baxter heads the gala cast of this picture, which includes Alice Faye, Jack Oakie, Arline Judge, Mona Barrie, Gregory Raloff, Dixie Dunbar, Kenny Baker, Fats Waller and Nick Long Jr., among the featured personalities.

Although the picture is a revealing glimpse into the gaudy world of burlesque, it does not confine its action to backstage drama, but launches into the life story of a genius of the theatre, played by Baxter.

Deserts His Friends

With his two trusted aides, Alice Faye and Jack Oakie, Baxter has climbed from side street honky-tonks to Broadway's glittering palaces. Then when he falls in love with a lovely society woman who represents everything he had hoped to attain, he deserts his erstwhile friends.

Things go from bad to worse with Baxter until his wife, Mona Barrie, deserts him. When things look blackest, Baxter's old friends return to help him on the most spectacular venture of his life.

Avonside Visitors See Old Plows

STRATFORD-UPON-AVON, Eng.—More and more motor tractors break up the fields of the Midlands district of England and yet never before have there been so many visitors to admire the collection of hand-made wooden plows which are housed in the great barn at Wilmore, where once the grain of the Avon, Shakespeare's mother's family, was stored.

There have been demonstrations this summer of the latest methods in hay-making and hay-drying on an Avonside farm. A few miles away at Chipping Campden in the Cotswolds (or, as Shakespeare's Justice Shallow would have said, "Cotsaif") models of the traditional haywain are features of an exhibition of arts and crafts. In Birmingham Art Gallery, too, such models have a large case to themselves.

IT'S A FREE COUNTRY

If you try to go through it too fast, you get a subpoena.

If you try to explore any of it, you're arrested for trespassing.

If you spend a few weeks in it, it costs a king's ransom.

And if you own a chunk of it yourself, you're up to your neck in

It means the rest of your life!—Montreal Star.

A little girl, answering a question put by an inspector at a school examination, is responsible for this very apt definition of "Canada":

"Nobody does nothin', and everybody goes round tellin' about it."

PUBLIC AUCTION

Having received instructions from the Owner, I will sell at Public Auction at his farm, viz., S.E. 1/4, Sec. 25, Twp. 41, Range 25, W. 4th, 5th, 10th, 15th, 20th, 25th, 30th, 35th, 40th, 45th, 50th, Spruceville

SPRUCVILLE.—Mr. and Mrs. Barnes, accompanied by their son and Miss Paula Rowbotham, motored to Edmonton Friday last, where they spent the day. Miss Rowbotham remained in Lacombe. Her many friends around this district will certainly miss her.

Mr. and Mrs. George Burns of Didsbury were visiting many friends around Spruceville last week. Mrs. Burns was formerly Miss Blanche Walker and is an "old timer" here. She was visiting with Mrs. Gottschick, who also had staying with her a son-in-law, Mr. Benson, of Hanna.

Fractures Rip

Mrs. Gilson, Sr., had the misfortune to fracture her hip and was taken to the University Hospital in Edmonton last Friday by an ambulance. The community sincerely hopes that she will make a speedy recovery.

"E. H." Heath had the misfortune

to be involved in an accident last Thursday afternoon with a tractor, which resulted in losing a finger from his right hand.

There was a very interesting gathering at Mrs. J. B. Crocker's last Wednesday evening, when Dr. Barnum, superintendent of missions, revisited this neighborhood. It is 30 years since he used to preach around here. After an appropriate little service, a social evening was spent, culminating in a dainty lunch.

To Visit in Hanna

Mrs. Gottschick left on Tuesday to visit with her daughter, Irma of Hanna. She plans to be away about two weeks. Mrs. Peterson, well known around here, will take care of things during her absence.

Mr. and Mrs. H. E. Heath motored to Edmonton Monday to visit Mrs. Heath, who is staying with friends in that city. Mrs. Heath is very far from well and her health gives cause for anxiety.

Big Chicken Dinner

Don't overlook the chicken supper at Spruceville Hall on Friday, Oct. 30th, if you are looking for a real feed, with service de luxe.

Mr. and Mrs. Lorne Burton are receiving congratulations on the birth of a little daughter, born on Tuesday. Mrs. Burton is staying with her son-in-law at present.

Mrs. Laura Young and Mr. and Mrs. Proudford were Sunday visitors at the home of Mr. and Mrs. Dave Boden, while Mrs. Parker entertained Mr. and Mrs. Barnes and Mr. and Mrs. O. S. Young.

Married in Edmonton

Mr. E. C. Crocker and Miss D. Wilson were married in Edmonton on Tuesday. Mr. and Mrs. Boyd Crocker motored up to attend the wedding. The bride and groom left later to visit with the bride's relations near Moose Jaw.

Mr. and Mrs. Matheson of Ponoka visited with Mr. and Mrs. Dave Boden last Monday.

The State of Georgia was named after George II. of England.

HOW FIREBUGS SET FORESTS ABLAZE

Charges that many of northern Ontario's forest fires this year are the work of incendiaries is backed up by the provincial government's \$1,000 reward for arrest and conviction of firebugs. ABOVE is pictured one of the ways in which forests are set ablaze, according to rangers. A candle, placed in a tin filled with dry twigs and surrounded by leaves is left burning. Meanwhile, the firebug can be far away in another part of the country before the fire starts. Little evidence is left—the candle burnt and the tin is just another tin that might be found near any camping ground.

Morningside

MORINGSIDE.—The monthly meeting of the W.M.S. was held at the home of Mrs. S. M. R. Wheeler last Thursday. President Mrs. S. Chesney presiding. Meeting opened by all singing "When I Survey the Wondrous Cross," followed by scripture lesson and prayer by the president. Roll call was answered by the president. Mrs. Suberland read from the Missionary Monthly a story entitled "My First Friend in China" and Mrs. Chesney read "The Viny Pilgrimage."

A very pleasing feature of the meeting was the excellent report given by the Conference Branch given by Mrs. Ogilvie of Fairview. A very nice letter was read from Miss Mary Mansfield, matron of the hospital at Smoky Lake, thanking the ladies of the W.M.S. for the sweaters which were sent a short time ago. Arrangements were made to put on an entertainment, apron and handkerchief bazaar early in November. The November meeting will be held at the home of Mrs. G. Murdoch.

Building Skating Rink

Things were quite lively around Morningside last Saturday when a number of men with their teams turned out to start the skating rink. This has been a long felt want in the community and with an abundance of water from the municipal well, should be a great success. The young people are looking forward to a great deal of pleasure this Fall and Winter.

Mr. Earl Peters of Stamouss, B.C., has been a recent visitor with his grandparents, Mr. and Mrs. John Caswell, and other relatives around Morningside and Ponoka.

Visitors to Gadsby

Mr. and Mrs. Bowls, Art Bowie and Dave Butlin spent Sunday at Gadsby.

Those from Morningside who attended the chicken supper at Iowalla last Friday all report an excellent supper and pleasant evening. All

roads lead to Fairview next Friday evening, when the Ladies' Aid will put on their chicken supper.

Mr. and Mrs. Beranck and daughter Marie spent a week in Edmonton recently.

Haynes

HAYNES.—V. Northcote-Marsh leaves for Quebec City on Monday, enroute to meet his sister and brother-in-law from England, who are on their way across Canada, enroute to Japan. Mr. Marsh's sister, who in private life is Mrs. Alexandra Waite, is well known in England and on the Continent as a concert pianist. Her husband is a well known landscape artist who intends to spend some months in the Orient painting. We understand Mrs. Waite has several engagements to give recitals in some of the large cities of Eastern Canada.

Mr. Bill Bredo is sailing soon for Germany to take up university training.

V. Northcote-Marsh, who is becoming well known to Alberta readers for his poetry and short stories, is writing a series of articles for the Canadian Illustrated Forest and Outdoors, and intends to stop over in Montreal to see the editor of that paper.

ORDERS FROM THE HENS

A mother said to her little girl, "Sue, go out to the henhouse and gather the eggs."

The child ran out to get the eggs, and as she approached the henhouse the hens began to cackle.

She ran back into the house, and when her mother inquired if she had gathered the eggs, she replied, "No, mother; the hens told me, 'Look out, Sue! Look out, Sue!' And I just ran back into the house."

"I took the recipe for that cake out of my best cookery book, dear."

"You did quite right, dear. 'It should never have been in.'"

Building Of Glass For New York

NEW YORK.—A glass office building, the first of its kind in New York City, is to be built on Fifth avenue at 50th street, according to officials of the Corning Glass Works, who will occupy the site. The Corning building will be five stories high, of fireproof construction, and with exterior walls entirely of glass construction units framed in Indiana limestone—an office building of glass.

Only Five Windows

On the first floor there will be five transparent windows, through which the public may see the wares of the Corning Glass Works—but no more. Air conditioning throughout allows construction without windows, yet those within will not lack light because the glass bricks will transmit approximately 78 per cent of daylight.

Architects for the building are William and Geoffrey Platt and John T. Galea. In 1933 this firm won first prize in the Stockholm City Planning Competition, a contest involving the replanning of Stockholm's central business district.

Discussing plans for the present construction, William Platt disclosed that dirt and noise present the principal problems in that part of New York. Air conditioning, allowing windows to be closed and the building sealed, is one step toward solution.

Walls Transmit Light

To reduce heat loss in winter, however, windows have to be relatively small, which reduces light transmission, Mr. Platt said. "The recent development of glass construction units makes possible an almost complete solution, for using these, the whole wall of a building may transmit well diffused light

and at the same time provide the insulation lacking in plate glass."

Geoffrey Platt added, "We think the glass construction unit opens up conception of building design. It may be said that its development is as significant a step in construction as was development of the steel frame. It has freed the architect from the feeling of a wall as a solid opaque mass through which he must punch holes for windows. He may now think of his exterior wall as a screen, transmitting light."

The entrance to the Glass Works' offices will be on 50th street. A screen of glass construction units, extending the full length of this side of the building, will be four stories high. At present the Glass Works' main offices and plant are both in Corning, New York, a small city in south central New York state, recently celebrated as the place where the 200-inch telescope disk was cast.

Lower Installation Cost

The glass construction units, of which the greater part of the building will be composed, are a product of Corning. These are approximately a foot square and four inches thick. They are made of the same heat-resisting glass used in the manufacture of glass ovenware. Their size, unusually large compared with building bricks, reduces the cost of installation and the number of mortar joints. Scientifically designed fluting on the inside faces provides ever-changing decorative effects, insures diffusion of light, and obscures images without producing lens effects. This glass has a coefficient of expansion second only to quartz.

Units Are Hollow

Each unit is hollow, consisting of two square members sealed together at a temperature of 3600 degrees Fahrenheit. This insures permanence of the block, prevents non-dehydrated air from entering it and also prevents the formation of moisture inside the unit during cold weather. The "glass bricks" are set

Clive

CLIVE.—Mr. and Mrs. W. R. Johnson are spending a few weeks at Soap Lake, Washington.

Rev. Mr. Harner, who was pastor of the Lacombe and district appointments over 30 years ago, delivered a missionary address in the United Church Thursday night, Oct. 15th.

W. J. Morrieal had a very successful auction sale on Friday, Oct. 16th, with a large crowd and brisk bidding. Mr. Morrieal left Sunday to visit his old home in Nebraska and from there goes to California to spend part of the winter, then up the coast to Vancouver, where he will make his future home.

Mr. George Sciorah, Mr. Enoch Nelson and Miss Ruth Thomas motored to Edmonton on Monday.

The W.A. met at the home of Mrs. Bill Waldron on Wednesday, Oct. 14. Mrs. Walker of Nebraska spent the week-end at the home of her brother, Rev. George Ketylla.

A considerable amount of fall plowing has been completed here but the cold spell has put an end to it for the present.

"Heavens!" said the passenger, as the bus got out of control. "I hope we don't hit anything." "I do," said the driver. "The road ends at a cliff further along."

up with a lime portland cement mortar, one part lime, one part cement and six parts sand. An exposed mortar joint thickness of one-quarter inch is recommended and the weatherproof qualities have been verified.

Electric Lamps and Fixtures are getting to be a necessity and the Lacombe Furniture Store is showing the largest and best assortment ever brought to Lacombe. Adv.

NOTICE

Tenders will be received by the Executors of the Estate of Henry Magilton, deceased, for the lease for cash for the period of one year from the first day of December, 1936, of the East half of Section twenty-two (22), Township forty (40), Range twenty-seven (27), West of the fourth meridian, upon terms and conditions to be obtained from the undersigned. There are about two hundred (200) acres under cultivation and the balance is hay and pasture land. There is a good set of buildings on the property. This farm is two miles west of Lacombe. The Executors will consider tenders up to October 24th, 1936, from responsible parties for the payment of one half rent at the time of signing the Lease and the remainder at the time of the following year. Immediate possession can be given.

DATED at Lacombe, Alberta, the 7th day of October, 1936.
JAMES DARROCH,
K. M. GIBSON,
Executors for the Estate of Henry Magilton, deceased. o22p

CARD OF THANKS
The family of the late Mr. John Bernard wish to thank their many friends who so kindly assisted in their recent bereavement, also for the many beautiful floral tributes. o22p

Don't forget Mrs. C. Jacobson and Sons' Public Auction at 12 o'clock on Friday, Oct. 23. See sale bills for particulars. Roy Hoppus, Auctioneer. o22p

Ladies' Guild Holds Successful Supper

The chicken supper held by the Ladies' Guild of the United Church at the Church Hall Wednesday of last week was well attended, about 175 people sitting down to a sumptuous meal. After the supper was over, a program was put on by the Men's Club, which was featured by an enjoyable talk by Mrs. E. H. Adkins on her experiences on the Vimy Pilgrimage, which she attended last summer. Mrs. Aldwinke gave a vivid description of her trip, which was greatly appreciated by all.

Others taking part in the program were: T. Wilks, Reg. Wilks, Lucille and Sonny Frizell, while Mrs. R. Warren ably accompanied at the piano. Community singing was also indulged in. About \$75 was taken at the door and the funds of the Guild will be augmented by that amount.

Fine Entertainment At Spring Valley

The Ladies' Aid of Spring Valley held a most successful chicken supper on Friday evening last. Much amusement was furnished by the entertainment which followed, and which took the form of "A Family Album."

As various persons posed in old-fashioned costumes, in family groups, as bridal couples, etc., Mrs. W. Keith gave a brief and witty resume of their "family" histories, personal characteristics, etc., which sent the audience into spasms of laughter.

The Ladies' Aid was especially pleased at the large attendance, which resulted in a nice sum to add to their funds.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE MATTER OF THE Estate of GEORGE F. SAMPSEL, late of the Town of Lacombe, in the Province of Alberta, Farmer, deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named George F. Samsel, who died on or about the 15th day of September, A.D. 1936, are required to file with the undersigned as Solicitor for the Executor of the Estate of the said deceased by the 15th day of November, A.D. 1936, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to the knowledge of the Executor's Solicitor.

DATED this 6th day of October, A.D. 1936.
J. S. McCORMICK,
Lacombe, Alberta,
Solicitor for the said Executor. o22p

NOTICE

As I have sold the Leaco Products business to Mr. Robert Cole of Lacombe, I wish to thank my customers for their patronage, and wish them to extend same to Mr. Cole. Leaco Products are made and processed in Alberta.—Clarence Bauer, Lacombe. o22p

New Credit House Act Proclaimed

(Continued from Page One)

Prosperity Certificate plan of the government that the redemption of the certificates this month was more satisfactory to the government than last month, fewer of them being redeemed, which means the people have more confidence in them and are keeping them in circulation instead of redeeming them. No definite figures are yet available.

Making provision for 700 rural school districts in the southeastern part of the province to be administered by nine divisional boards, the new Alberta Schools Act was brought into operation in that part of the province for the first time this week. The act will be extended to other parts of the province gradually.

The divisions set out in the current issue of the Alberta Gazette are as follows: Berry Creek, St. Mary's River, Foremost, Cypress, Tiller, East, Taber, Lethbridge, Acadia and Sullivan Lake.

Alberta's new Credit House Act, passed at the recent special session of the Legislature, is now in effect, according to a proclamation in the Alberta Gazette. It became effective Oct. 15th. The government may now proceed with the establishment of credit houses in various constituencies that are ready for the move. It is the intention to open 32 of these houses in ridings north of Red Deer as soon as possible, it was announced.

Police in Edmonton have been conducting a drive against gambling in the last week and to date over 140 arrests have been made in connection with raids of several houses where it was alleged games were carried on. One or two "clubs" have been among the number the police raided.

Farmers in the north central section of Alberta have been harvesting the biggest money crop since 1929 and more than \$40,000,000 is estimated to be the wealth it will have brought to the province this year. The price of wheat was the highest in six years and the average yield 15 bushels to the acre.

W.M.S. TO HOLD RALLY NOV. 13th

At the regular meeting of the Women's Missionary Society, held on Tuesday, Oct. 20th, at the home of Mrs. Sweet, concluding arrangements were made for a rally of all organizations on Nov. 13th.

Miss I. Griffiths, secretary of Young People's work of Canada, who comes from Toronto and is making a tour of the West, will bring a message that will interest everyone. It is also planned to receive the thank-offering at this meeting.

The supply secretary reported that a bale of clothing had been sent to the School Home at Smoky Lake. Members generally agreed that it would be necessary to drastically reduce the allocation for next year.

The following nominating committee was appointed: Mrs. A. Gilmore, Mrs. E. L. Miesner and Mrs. C. E. Todd. Mrs. P. MacDonald took the devotional topic, which was an interesting leaflet on "Spiritual Growth." Several members read excerpts on "Our Contacts With Newcomers."

Refreshments were served at the close of the meeting.

Gull Lake Highway Scene of Accident

Four men were injured, two seriously, when an auto, careened into the ditch and overturned on the Lacombe-Gull Lake highway, 1 1/2 miles east of Beatty, Saturday evening.

Jim Freeman, the driver of the car, is being treated in Bentley Hospital for a broken rib, which punctured a lung, and for cuts across his back. William, his brother, is recovering in the same hospital from back injuries and a hurt knee.

Tom Whitworth and Jim Cunningham, the other two occupants of the car, received a severe shaking as well as being badly bruised, but were able to return home after being attended by Dr. Henry of Beatty.

A Fashion Show and Tea under the auspices of the Royal Purple Lodge will be held in the Elks' Hall, Red Deer, on Wednesday, Oct. 28th, from 3 to 5:30 p.m. and from 8 to 10 p.m. Admission 25c.—Adv't. o22p

Quips and Quirks

Clothier: "Were you pleased with the overcoat I sold you?"
Customer: "Oh, yes, all my boys have worn it."

Clothier: "Well, well!"
Customer: "Yes, each time it has been worn in the rain, the next smallest one has to take it."

REBUKE

Customer (seeking a loan): "Of course, you remember the old saying, 'A friend in need is a friend indeed'?"
Banker: "Yes, stranger."

Chopin, the great pianist, was born near Warsaw, Poland.

Don't forget the big Auction Sale of Horses, Cattle, Household Furniture and Farm Machinery to be held at the Alberta Sales Barn, Lacombe, on Thursday, Oct. 29th.—C. Leroy Hoppus, Auctioneer, License No. 6250.—Adv't.

Hog Feeders Hear Interesting Talks

(Continued from Page One)

was thoroughly scrubbed with a lye solution to kill all round worm eggs and bacteria, and the sows' bellies were also thoroughly washed. It was explained that sanitary conditions were necessary to keep the suckling pigs healthy as disease would creep into a herd through some one animal of low resistance and would spread throughout the whole herd.

He showed pictures of wormy, rickety and anemic pigs that were rough-haired and coughing, crippled and runted in appearance at only a few weeks old. Mr. Wilson advised furnishing each sow and litter with a sod, a foot square, per day, to furnish needed minerals and prevent anaemia, also to provide means so that the pigs could obtain as much sunshine as possible. He said that rickets was a bone deficiency disease, due to lack of sunshine and vitamins A and D.

Art Newman Speaks

Art Newman, who is in charge of the farm herd and who is well acquainted with ordinary farm conditions, gave a detailed talk on this subject and answered several questions from those attending. He said he always carried a thermometer

with him whenever he visited a farm herd where they were having trouble and he had never tested a single diseased pig but what he found the blood showed a low count of red blood corpuscles. He found that all trouble was caused from manitary conditions and low resistance to disease.

A. W. Peterson, in charge of Advanced Registration and Field Work, Ottawa, spoke on National Livestock Policy. He said one of the problems was to know what to do to foster and support the industry. He declared we were fortunate to have necessary cereals to grow and finish quality products.

Stresses Quality

Mr. Peterson emphasized the importance of quality in producing Wiltshire Sides, a side being 60 per cent of the 200-pound hog. A pig, two pounds, at birth, should be finished at 200 pounds in 300 days, and feeding should not be slowed up from birth to do this. Packing procs must be graded according to regulations and temperature controlled during shipment, in order to arrive at the British market in prime condition.

Don't forget the big double event on Nov. 11th—Armistice Novelty Ball and Amateur Contest, in the Central Alberta Pavilion. o22p
